

REMARKS

It is proposed to make purely formal amendments to Claims 89, 91, 94, 96, 100, 104 and 111, as follows. First, it is proposed to change "being in the window" to --being presented in the window-- in Claim 89, to conform that claim to the language of Claim 98. Also, it is proposed to change "the display area" to --a display area-- in Claims 91 and 100, for proper antecedence (compare these claims to Claim 115). For the same reason, it is proposed to change "of the changes" in Claim 96, line 4, to --of the change--. At the end of Claims 94 and 104, it is proposed to change "displayed representation" to --displayed representation of the object--, for greater clarity. Finally, it is proposed to change "in response to the detecting step" in lines 4 and 5 of Claim 111, to --in response to the adjusting step--, in conformity with Claim 113.

Applicant submits that the proposed changes do not raise new issues or require further consideration, and entry of this Amendment After Allowance is respectfully requested.

Applicant's undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,
